### We won't need to move the children's beds when it rains

#### Le Triomphe Orphanage:

Roof repairs were funded by The Mission House to keep the children dry whilst they study and sleep. Our next target is to buy new beds for some of the 63 children aged 5-16 years.

“We won't need to use buckets when it rains or move the children's beds away from the leaks; *thank you*”

### Lives changed at Voice of Hope Orphanage

Your regular donations have given security to the scheme as grants have contributed to the costs of rent and food for the children. Ruth's ministry brings relief and the gospel to some 50 children from the slums.

### New vehicle to allow the transportation of patients

---

#### House of the Nations School & Medical centre

The Mission House has provided a new vehicle to allow the transportation of patients and materials to their remote base. Funds are now needed for regular servicing as the road conditions are very poor . The medical centre helped some 1200 patients during 2019, with Clara being the only doctor in an area of 100 square miles. The school has 250 pupils

aged 5 to 18 with 12 teachers. This year, 85% of students passed their national examinations and 8 applied to further education.

### Loos with views!

---

We funded the construction of toilets giving dignity and safety to more than 40 local families, sparing them the nightmare and danger of trips to the forest during the day and at night.

The make-shift facilities were a health risk and offered no privacy

Not the Ritz, but it will make such a difference.

# Our thanks to you, our supporters, for your passion, prayers and gifts during 2019

You have made a real difference to the lives of so many. Please continue to pray for The Mission House trustees and partners in 2020 as we continue our mission to transform lives and share Father God's love in a real way in some of the poorest parts of the world.

**The Mission House Trustees wish you a peaceful and prosperous 2020.**
